125khz ID/EM Card Cabinet/Locker/Gym/drawer RFID lock PY-EM108-Y

Cabinet lock features:

battery life:Above 18000 times in normal
Scanning time <0.1S
Working Voltage DC6V(4 pieces of 5# alkaline batteries)
Temperature Range (using) -40~+85°C
Card Distance 30 mm
lower-voltage directives 4.8V
operating humidity RH (15 ~ 85)%
Quiescent current:< 12 uA
Dynamic current <150 MA
Card Type:RFID/EM

Cabinet lock Applications:

Swimming pool , sauna bathing spot, golf course, gymnasium locker, enterprise, school, hotel, supermarket storage cabinet ,etc
