Smart Home Villa RFID Video Door Phone Intercom System PY-V101-FD

Feature:

◆ Outdoor camera with metal case and rain cover,classic humanized design
◆ Hands-free indoor monitor,acrylic frontplate, elegant design, 10.1inch TFT color screen with clear image
◆ Funcation: intercom, mornitor, two way talk back and unlock
◆ IR nightvision, and communicate between indoor monitor to indoor monitor
◆ Color brightness and Volume adjustable
◆ Choose multi-ringtone by yourself
◆ Can be 1 to 1,2,3,4 or 2 to 1,2,3,4 system, meet your different requirement
◆ International standard design and production,4wire, easy isntall, DIY
◆ Application: Villa, Home, Office etc

Technical Parameters:

◆ Audio distortion rate≥50mW
◆ Talking Time: 90s, monitor time: 30s
◆ Input Power Supply: AC100-240V 50Hz – 60Hz
◆ Output Power Supply: AC14.5V 1200mA
◆ Frequency response: 300□3400HZ±3dB
◆ Working Voltage: DC15V±10%
◆ Resolution: 200,000 pixels
◆ Consumption: static state□0.5W,current state□10W
◆ Installation: ourdoor camera flush mounting, indoor monitor surface mounting
◆ Indoor monitor dimension:273□L□×181□W□×22□H□mm
◆ Outdoor Camera dimension:96□L□×174□W□×45□H□mm
Installation dimension: 80□L□×147□W□×36□H□mm

Wiring requirement:

◆ 30M: RVV4 X 0.5 mm, ,
◆ 50M: RVV4 X 0.75 mm
◆ 100M: RVV4 X 1.0 m

Note: when connect more monitor, to next indoor monitor with RVV5
