|                               |                                            |
|-------------------------------|--------------------------------------------|
| Working voltage               | 6.0V (4 pieces of No.5 alkaline batteries) |
| Static current                | ≤15 μA                                     |
| Card reading current          | ≤20 mA                                     |
| Lifespan of batteries         | 10 months or above                         |
| Indication of lacking voltage | 4.8V                                       |
| Induction distance            | >25mm                                      |
| Working temprature            | -20`C~70`C                                 |
| Working humidity:             | ≤80%                                       |
