Time shows on the screen.

Time, brightness and talk volume are adjustable.

Sensitive touch key.

One outdoor camera supports up to 3 indoor monitors or one indoor cameras support up to 3 indoor cameras

Technical Parameters:

Indoor Monitor:

Screen: 7" TFT LCD

Sensitivity: 90dBm

Working current: 250mA

Standby current: 20-30mA/3.7V

Battery: Rechargeable lithium battery

Battery capacity: 1250mAh

Standby time: 120h

Adapter input: AC100~240V, 50/60Hz

Adapter output: DC5V/1A

Adapter type: US AU UK EU

Material: Plastic

Dimension: Dimension: 235* 130 *27mm

Outdoor Camera:

Working rate: 2402~2483.5MHz

Transmitting power: 16~20dBm

Camera: 1/3" CMOS OV7725

Working current: 300mA

Standby current: 20~30mA

Battery: Rechargeable lithium battery

Battery capacity: 1250mAh

Standby time: 2 months

Adapter input: AC100~240V, 50/60Hz

Adapter output: DC5V/1.0A

Adapter type: US AU UK EU

Package includes:

- 1 * Outdoor camera
- 1 * Indoor monitor
- 1 * AC adapter for outdoor camera
- 1 * AC adapter for indoor monitor
- 2 * Rechargeable battery
- 1 * Screws bag
- 1 * 3 pin cable
- 1 * User manual
