

## Power Supply PCB

- 1.Power supply in support
- 2.Auto protection
- 3.Control electric locks or bolts directly.
- 4.Reduce the load of access controller
- 5.Lower potential trouble
- 6.NC/NO output, control all kinds of electric locks

Power Input	Standard 220VAC,50HZ
Power Output	Standard 12VDC,3A/5A
Unlock delay time	0~10S
Dimension	180X77X77mm
