

RS485 or TCP/IP RF card door access control and time recorder with free software PY-JS268

Function description:

1. Function description: JS268-MM “Elfin King” is integrated with time recorder, PWD door controller, single-door controller, reader with Chinese character display and double door controller.
2. Advanced door controller functions: 32 time periods /64 time sets /16 AppSets /8 holiday types / validity period of card.
3. when the hardware is off-line, there are two layers of A.P.B protection.
4. only PIN, only Card and Card & PIN are available; remote control of any door point, various alarm events functions.

Main technical parameter :

Data saving	10 years (after power failure)
Record capacity	25,000 pieces (customizable)
Card capacity	2,000-6,000 pieces (customizable)
Card type	EM card
External reader head Standard	W26, W34 and W44 formats
Induction distance	6-15cm
Reading speed	0.15 second
Communication mode	RS485 (TCP/IP is optional)
Networking capacity	255 sets of RS485 mode; TCP/IP mode is without limitation.
Working voltage	8-25VDC
Power consumption	<3W
LCD display	28*64DOTS
Dimension	L133*W90*H*28mm
Weight	200g
